Program

This 4-day European SU Retreat will take place from Monday, August 14, through Thursday, August 17. The program includes these exciting elements:

- A detailed study of Saint Germain's embodiments. We'll pinpoint how he used the qualities of the seven rays to connect with his students and leave a legacy. We'll use these insights in hands-on workshops to determine how we ourselves can contact the lightbearers in seven ways on the seven rays!
- Hands-on training sessions to perfect our mastery of the Science of the Spoken Word. The topics are: how to put maximum fire and flame into our decrees; the power of thoughtforms; how to center and concentrate while giving decrees; and how to bring about group alchemies in our spiritual work.
- Powerful recorded dictations from the ascended masters that help us better understand and embrace our mission to find the souls of light around the world.
- A Parade of the Nations (bring your national flag), topped off by a joyful Saint Germain Freedom Waltz. What better place for a waltz than Vienna!

Excursion

Join us for an exciting half day excursion, Friday, August 18! We'll start at 9 AM with a bus tour through Vienna and admire the beautiful palaces and statues. Next, we'll visit the Imperial Treasury in Hofburg Palace where the former imperial family lived. We're especially thrilled to have an opportunity to examine the Spear of Longinus, or the Holy Lance, that is kept in this palace. And we'll end with a guided tour by foot through Vienna and experience the marvelous Viennese atmosphere. What a treat!
